Thanks. I'll be around until Sept 6 or so.

I have enjoyed working w/ all of you.

Mike

Good Grief - every time we get someone who is helpful and constructive to work with they either get promoted or retire! Mike - it has been great to have you at the table. Best wishes.

Steve

Steve or I will try to make it. I also wanted to let you know that I am in the

process of retiring from the EPA and hope to be out of here by the first part of Sept. I will keep you posted on that and my replacement.

Mike

Thanks Mike. We will see you on August 15th? We're planning an evening meeting in Silverton instead of the afternoon. I'm about to send out an agenda.

Hello John and Mike,

I am writing to see if any changes to the Draft maps are needed. John has indicated that the blue sample location dots are too difficult to see so I will be correcting their color on the Final maps. Please write or call with any questions or concerns.

Thank you,

From: Bahnfleth, Ryan

Hello John and Mike,

Attached are the Upper Animas Cement Creek Results Maps for the May 2013 field event. Please review and get back to me with any questions or concerns.

Thank you,
